Profile

Hey there! I'm Chetan Rawat, and I'm absolutely passionate about web development. Currently honing my skills in Bachelor of Technology with Computer Science Branch, I thrive on bringing ideas to life through code. With a knack for crafting sleek and user-friendly interfaces, I'm always eager to push the boundaries of what's possible on the web.

Areas of Expertise

Frontend Development (HTML5, CSS3, JavaScript) - JavaScript Frameworks and Libraries - Responsive Web Design (CSS Media Queries, Bootstrap, Flexbox, Grid)- Backend Development (PHP, AJAX, AJAX-Jquery) - Performance Optimization - Security Best Practices - Testing and Debugging

Professional Experience

C Language Intern, (ECA)

Ajmer Rajasthan, India 06/2022 - summer internship

- Project Assignments: These projects could range from simple tasks like implementing algorithms or data structures to more complex assignments such as optimizing code performance or debugging existing software.
- Learning Core Concepts: Interns delve into the foundational concepts of C programming, including syntax, data types, control structures, functions, pointers, memory management, and file I/O operations.
- Collaborative Environment: Interns work closely with experienced software engineers and mentors within the organization. They collaborate as part of a team.

Junior Developer (Maharaja Infotech,)

Ajmer Rajasthan, India 05/2023 - Full Stack Internship

- Training and Onboarding: Junior developers undergo training and onboarding processes to familiarize themselves with the company's technologies, tools, and development processes.
- Continual Learning: They continuously learn and improve their technical skills, staying updated on new technologies, programming languages, and best practices in software development.
- Junior developers participate in project planning, estimation, and tracking activities, contributing to sprint planning meetings and agile ceremonies. They collaborate with cross-functional teams, including designers, testers, and product managers, to deliver software solutions on time and within budget.
- Professionalism and Growth : Junior developers demonstrate professionalism, reliability, and a willingness to learn and adapt in a dynamic work environment.

Online Courses & Certifications

- C Languages (Dec. 2022) - [ECA](#)
- OOPS With C++ (Jan. 2022) - [RAMP Computers](#)
- WEB - DEVELOPMENT - PHP (Jan. 2023) - [Maharaja Infotech](#)
- UI/UX Design (Jun. 2024) - [Internshala](#)
- DEVTOWN startupindia (Feb. 2024) - [DevTown](#)
- AI FOR STUDENT : BUILD GENERATIVE AI MODEL, (March. 2024) - [NXT WAVE](#)

Education

BTech Computer Science Engineering [Bikaner Technical University \(BTU\)](#) Ajmer Rajasthan, India 2021-2025

Relevant Courses: Software and Hardware, Data Visualization, Computer Organization and Architecture, Data Structures and Algorithms, Operating Systems, Computer Networks, Programming in C/C++, Object-Oriented Programming (OOP), Web Technologies & Project Work and Internships.

Skills

- **Frontend Development:** Proficient in HTML, CSS, and JavaScript
- **Frameworks Libraries:** Experienced with JQuery and Bootstrap.
- **Backend Development:** Familiar with PHP and AJAX.
- **Database Management:** Skilled in working with SQL databases such as MySQL
- **Version Control:** Proficient in Git and GitHub.
- **UI/UX Design:** Knowledgeable about design principles and creating engaging user experiences.

Languages

- **English** [Native]
- **Hindi** [Native]
